

AMAN RAWAT

📍 Noida, India | 📞 +91 8882979155 | ✉️ amanrwt.155@gmail.com | [🌐 LinkedIn](#) | [🐙 GitHub](#)

Summary

B.Tech Computer Science (Artificial Intelligence) student with hands-on experience in Java, Python, React.js, FastAPI, SQL, REST API development, machine learning, and data structures algorithms. Built full-stack applications integrating ML models, databases, and interactive web interfaces.

Education

Galgotias University

B.Tech in Computer Science and Engineering (Artificial Intelligence) — CGPA: 8.29 / 10

Greater Noida

2024 – 2028

SCH GB Senior Secondary School

Class 12th (CBSE) — Percentage: 83%

New Delhi

2024

Ayan National School

Class 10th (CBSE) — Percentage: 92%

Greater Noida

2022

Skills

Programming Languages: Java, Python, C, JavaScript, SQL

Frontend: React.js, HTML, CSS, Vite

Backend: FastAPI, JDBC, Servlets, JSP

Machine Learning & Data: Scikit-learn, Pandas, NumPy

Databases: MySQL, MongoDB

Tools & Technologies: Git, GitHub, VS Code, Leaflet

CS Fundamentals: Data Structures and Algorithms, OOP, DBMS

Projects

GeoPulse — AI-Powered Landslide Susceptibility Prediction Platform

React.js, Vite, Leaflet, FastAPI, Python, Scikit-learn, Pandas

- Developed a full-stack web application that predicts landslide susceptibility using geographical and environmental parameters.
- Developed RESTful APIs using FastAPI and integrated a Scikit-learn machine-learning model for risk prediction.
- Built an interactive geospatial interface using React.js and Leaflet for location and risk visualization.

Crowd Fundraiser Application

Java, JavaFX, JDBC, MySQL

- Developed a crowdfunding application that enables users to create fundraising campaigns and manage contributions through an interactive user interface.
- Applied MVC architecture, database connectivity, and error-handling mechanisms to improve maintainability and reliability.
- Integrated JDBC and MySQL for persistent storage and efficient management of campaign and contribution data.

Certifications

- Programming: OOPs Java | C | Advanced Computational Thinking - GUVI
- Database Programming with SQL - Oracle
- Prompt Design in Vertex AI - Google

Achievements

- Solved 250+ problems on LeetCode and other platforms focusing on Data Structures and Algorithms.
- Secured a LeetCode contest rating of 1564 through consistent participation in Weekly Contests.
