

AMAN RAWAT

📍 Noida, UP | 📞 +91 8882979155 | ✉️ amanrwt.155@gmail.com | [🌐 LinkedIn](#) | [🐙 GitHub](#)

Summary

Computer Science undergraduate specializing in Artificial Intelligence with strong foundations in Java, SQL, and Data Structures. Experienced in building applications using Java and MySQL. Passionate about solving real-world problems through scalable software development.

Education

Galgotias University

B.Tech in CS (Artificial Intelligence) — CGPA: 8.33/10

Greater Noida, UP

2024 – 2028

SCH GB Senior Secondary School

Class 12th (CBSE) — Percentage: 83%

New Delhi, India

2024

Ayan National School

Class 10th (CBSE) — Percentage: 92%

Greater Noida, India

2022

Skills

Programming Languages: Java, C, SQL, Python

Backend Technologies: Servlets, JSP, JDBC

Databases: MySQL

Tools & Concepts: Git, GitHub, VS Code, DSA, OOPs, DBMS

Soft Skills: Problem Solving, Team Collaboration, Adaptability, Time Management

Projects

Crowd Fundraiser Application | Java, JavaFX, JDBC, MySQL

- Developed a crowdfunding platform using JavaFX and Java for creating campaigns and contributing via interactive UI.
- Implemented JDBC connectivity and applied MVC architecture for modularity and scalability.

Hotel Management System | Java, MySQL, JDBC

- Developed a system to handle room booking, customer records, and billing operations efficiently.
 - Designed structured modules for check-in/out and room allocation using the DAO pattern.
-

Certifications

- Programming: OOPs Java | C | Advanced Computational Thinking (GUVI)
 - Database Programming with SQL (Oracle)
 - Prompt Design in Vertex AI (Google)
-

Achievements

- Solved 100+ problems on LeetCode focusing on Data Structures and Algorithms.
 - Participated in university coding hackathons and technical events.
 - Actively improving problem-solving skills through competitive programming.
-
